#### **6. To receive the annual report from Buxhall Parish Council:**

The Council keeps residents informed through editorials and adverts in the Buxhall Broadcast, on the website at [www.buxhall.onesuffolk.net](http://www.buxhall.onesuffolk.net), and on the newly created facebook page. The Precept for 2018/19 was set at a level resulting in a modest increase of £0.63 per Band D household in the Parish Council portion of the Council Tax (the Precept is the difference in the Councils expected income and expenditure) and this was in spite of the decrease in the number of dwellings that contribute towards the Council Tax. The Council were once again pleased to be able to provide financial assistance to the Buxhall Broadcast. During the year the Parish Council held 13 full Council meetings with a further 3 extra ordinary meetings to discuss planning applications. It is important to bear in mind that the District Council make the final decisions on planning applications, and the Parish Council submits comments and recommendations having taken on board the views of the public who often attend its meetings. The Chairman thanked the Parish Councillor's for their time, effort and commitment. Many people don't realise that this is given on a voluntary basis. Whilst all Councillor's have different interests and skills that they bring to the work of the Council they all share a real desire to help our local community.
