

Routine inspection of play areas

Introduction

The regular check of the children's playground is intended to be quick and simple. Its primary function is to identify faults or dangers arising from vandalism or breakage.

Such inspections can be carried out by staff other than specialists whose duties may take them to the playground from time to time. It may be economic to tie it to a contract cleansing company, for example. Training is available from RoSPA.

Training can be linked to the annual inspections. Annual inspections should be carried out by an independent, suitably qualified specialist.

Site and ancillary items

- Are signs present and legible?
- Are road barriers present and in good condition?
- Are fences complete and secure?
- Are the gates in working order?
- Are pathways undamaged and unobstructed?
